### Two Jap Ships Hit; Guadalcanal Fight Still Rages

Washington, Oct. 29 (AP)-American and Japanese forces squared off today for another furious round in the spreading light for the Solomons after a series of terrific land battles bled the enemy heavily of men and equipment.

While United States air and ground forces fought savagely to hold the Guadalcanal airbase, the battle of the southwest Pacific appeared to be surging outward 400 miles northeast of the turbulent islands.

#### Other Areas Threatened

Superior numbers of enemy ships, planes and men were reported mobilizing at the approaches to American bases in the New Hebrides and Fiji islands, whence they could strike at Allied communication lines to Australia.

The Navy reported no new details of warship activities in the Pacific last night, but General Douglas MacArthur's Allied bombers

from Australia raided the enemy again, damaging two Japanese ships ain and splashing the Japanese base at Buka in the northern Solomons

One of the bomb hits at Rabaul, more than 600 miles northwest of Guadalcanal, caused an explosion on warship, MacArthur's communique asserted today (Australian time), and another set an unidentified vessel afire. The assault on Buka's airdrome and buildings destroyed an enemy bomber on the ground and started fires visible 80 miles away.

### The Trend Of War Southwestern Pacific Showdown Is Near

By WALTER CLAUSEN

Pearl Harbor, Qct 29 (AP)-A showdown in the southwestern Pacific between American and Japanese forces appears to be at hand.

The magnitude of the Japanese push, with a superiority of sky, sea and land forces mobilized for months and stemming from their power house on Truk Island, places the security of the main American positions between the Hawaiian Islands and Australia

Hemmed on Small Strip

On Guadalcanal Island in the Solomons, American Marines and Army troops are hemmed in on a small strip of land six miles long and three miles deep, with Japanese forces in overwhelming numbers on three sides and the enemy having the advantages of heavy artillery, tanks and supplies. Whether there will be a re-enactment of the his-

### Two Jap Ships Hit; Guadalcanal Fight Still Rages

Washington, Oct. 29 (AP)—American and Japanese forces squared off today for another furious round in the spreading fight for the Solomons after a series of terrific land battles bled the enemy heavily of men and equipment.

While United States air and ground forces fought savagely to hold the Guadalcanal airbase, the battle of the southwest Pacific appeared to be surging outward 400 miles northeast of the turbulent islands.

Mitchell, a native of Washington, D. C., enlisted in 1940 at Milwaukee where an airfield was being dedicated to the memory of his father, and was graduated from the Officers' training school at Fort Knox last summer. He served in the tank corps.

Besides his mother, Mitchell leaves two sisters, Mrs. Harriet Anderson, wife of Commander Paul A. Anderson of the Navy, and Mrs. Elizabeth Mitchell of Alexandria.

#### Physicians Study Fatigue In Industry

Chicago, Oct. 28 (AP)-Dr. Morris Fishbein of the American Medical association declared today that the medical profession, confronted by many wartime difficulties, was giving "most serious consideration" to the special problem of war industry—fatigue.

Dr. Fishbein, in an address prepared for delivery at the 31st National Safety Congress, asserted that with industry working at "tremendous" speed, the physical and mental breakdown of workers was higher than in peacetime because men "are driven in many instances far beyond their capacities.

"We know that little can be gained and probably more will be lost when working hours in any week exceed 60 to 65 for men and 55 to 60 hours for women."

Accidents in the nation's industries cause a loss of approximately one and one-half billion man hours of production annually, the editor of the AMA's journal said, adding that "ill health and fatigue are associated frequently with accidents.

## Maroons Meet Undefeated Hershey High Eleven In Stadium Friday Evening

### LOSER WILL BE KNOCKED FROM POSSIBLE TITLE

Headlining the three Southern Pennsylvania Interscholastic conference games listed for Friday evening will be the Gettysburg-Hershey scrap in the Hershey Stadium at 3 o'clock which will go a long way in determining the 1942 football champion of the circuit

The Trojans have been averaging 4,000 persons at their home games and an even larger crowd is expected Friday due to the mportance of the game.

Hershey is undefeated and sports an excellent chance of nosing out the Hanover Nighthawks for the loop title. The Marcons are also in the thick of the race and must win in order to remain in the fight Star Backs Meet

### Car 20 Miles For Aid

Reading, Pa., Oct. 29 (AP)-A bullet in her abdomen, pretty, 27year-old Miss Marie Wike drove 20 miles to a doctor's office last night, and today hospital attendants said she had a "50-50 chance" to recover.

Private Lester Lucas of the Pennsylvania motor police said that while surgeons probed for the bullet she told him she was shot by her former sweetheart. She said she had quarreled with him 10 weeks ago and was ng him again for the first time.

Lucas identified the man as Philip Bombgardner, Jr., 32, of nearby Wernersville, and said he was being held without charge "pending the outcome of the girl's condition."

Miss Wike said a .32 caliber revolver was fired while she drove a truck owned by her father, a butcher, with Bombgardner riding with her. She stepped from the cab, stuffed a handkerchief into the Bombgardner accompanying her, she

Harrisburg, Oct. 29 (AP)-County representatives in the new Pennsylvania Evacuation Authority returned to their homes today to prepare plans for depopulating target areas in the event of enemy action.

Basic evacuation methods were outlined yesterday at the authority's first session. G. Albert Stewart, authority director and secretary of Forests and Waters, said the Rad Cross and various state departments were given specific evacuation duties.

He emphasized that evacuation would be undertaken "only as a last resort and under conditions involving heavy and repeated bombing or other enemy action."

The Red Cross was given the job of feeding, clothing, housing and supplying medical care for evacuees until they reach reception centers. At centers, the task will be taken over by the Department of Public Assistance administering federal

Traffic will be controlled by the state motor police, traffic routes will be outlined by the state Highways Department and advice on children's educational problems will be given by the Department of Public

Stewart said unsettled problems discussed included determination of target areas, movement of priority groups, such as children, and identification of child evacuees.

Harry L. Haines, who represents the 22nd Congressional District comprising Adams, York and Franklin Counties, has proven his ability as an able, efficient Congressman. He is, without question, the most unbiased and impartial representative we have had in Congress in many years and we heartily believe that his record substantiates this claim.

Harry L. Haines is not an advocate of war. He loves Peace for all men. But, in this emergency, with Japan and her partners seeking to grasp world power, he firmly believes that

every bit of effort should be exerted to forever crush aggressor nations so that all free people might remain free and all people be given an opportunity to enjoy their freedom. He is a firm believer in promoting the war to the earliest Victorious conclusion for the Allies . . . he wants a just peace, a fair peace . . . at the cheapest possible cost in human lives. ## M'Arthur's Statement Indicates Plea For Unified Command

### U. S. LEADER Flashes Of Life DISAVOWS ANY POLITICAL AIMS

BY JOHN H. WIGGINS Washington, Oct. 29 (AP)-Mounting protests against a divided command in the South Pacific appeared headed today for climactic action by what was regarded in some quarters as an appeal from Gen. Douglas MacArthur for unified direction over the entire embattled

Answering a newspaper report attributing the two separate commands in the Pacific chiefly to "political Washington" and a "MacArthur - for - President campaign," the 62-year-old leader of United Nations forces in Australia disavowed any "political ambitions whatsoever."

From his headquarters last night (Washington time), MacArthur declared that any contrary suggestion "must be regarded as merely amiable gestures of goodwill dictated by friendship."

Only Interested in Service "I started as a soldier and I shall finish as one," he said. "The only hope and ambition I have in the world is for victory for our cause in the war."

### RENDEZVOUS IN AIR BLAMED FOR TWELVE DEATHS

Los Angeles, Oct. 29 (AP)-The whim that led two fliers to arrange a meeting high over a rugged mountain pass is blamed by a Congressional investigating committee for the mid-air collision of an Army bomber and an afrliner near Palm Springs last Friday, resulting in death for all 12 aboard the latter

The aerial rendezvous, said Rep. Jack Nichols, Oklahoma, committee chairman, was disclosed yesterday by 2nd Lt. W. N. Wilson, 25, pilot of the bomber, who is held for court-martial on manslaughter charges.

Nichols said Lieutenant Wilson testified that he had encountered the liner's co-pilot, L. F. Reppert, at a party in Los Angeles the night before the crash, and that Wilson had arranged to time his takeoff from the ferrying command base at Long Beach, Calif., so that he would meet the east-bound commercial transport in the vicinity of San Gorgonio pass.

Snow Is Waist-Deep

The Caucasus mountain campaign appeared the most picturesque of the long and spectacular war on the Russian front

In primeval, snow-clad forests, on slopes threatened by avalanches and through deep detiles blocked by drifts, swift ski troops met in sharp encounters.

Caravans of horses and donkeys floundered to the front-with food and munitions, led by guides who waded waist-deep in snow.

Red Army artillerymen carried their guns forward 10 miles across an area impassable for their animals and emplaced them at the front. Mortars, more mobile than the heavy guns, were employed

Germans who sought to follow up a slight gain in the battle of Stalingrad yesterday were declared repulsed, more than 100 falling fatally wounded by Russian fire.

Although the main Nazi line was recently reported driven from south Stalingrad to the steppes outside the city, the communique spoke of a trench raid "in the southern part of Stalingrad" in which Red Army troops destroyed seven blockhouses and several dugouts.

"Altogether," it said, "16 enemy planes were destroyed during the

4th Hedgerow Actor Appeals Draft Class

Media, Pa., Oct. 29 (AP)-Another member of Jasper Decter's Hedgerow Theatre group has appealed his 1-A draft classification.

David Metcalf, 27, appealed to Shippen Lewis, area master of draft Pyt. Chester A. Stover is a mem- tric welder by the Fairfield Ship- appeals, on whose recommendation ber of C-460, Sep. C. A. Over our plants in York, Pennsylvania, now wave these distinguished red, white and blue pennants—proud symbols of outstanding performance in war production. Our employes are wearing the "E" insignia as their personal badge of honor.

Since 1882 York Safes and Vaults have been famous the world over. Many months before Pearl Harbor, guns and ammunition made by York were in the battle for democracy on every front. York Safe and Lock received the first ordnance contract given to a private enterprise since World War I.

Night and day York men and machines are turning out equipment for our fighting forces. Night and day men and management are giving all they've got to the war effort. Skill, speed, unselfish devotion to the vital job at hand ... plus the good old unbeatable American spirit . . . these are the qualities that have won for this organization the coveted ARMY-NAVY award.

We're proud of our "E" flag and of the achievement that it symbolizes. We're telling the world-including Hitler and Hirohitothat we intend to merit it . . . and then some!

## AIR BLAMED FOR TWELVE DEATHS:

Los Angeles, Oct. 29 (AP)-The whim that led two fliers to arrange a meeting high over a rugged mountain pass is blamed by a Congressional investigating committee for the mid-air collision of an Army bomber and an airliner near Palm Springs last Friday, resulting in death for all 12 aboard the latter plane.

the actual and event, and Par Jack Nichols, Oklahoma, committee chairman, was disclosed yesterday by 2nd Lt. W. N. Wilson, 25, pilot of the bomber, who is held for court-martial on manslaughter charges.

Nichols said Lieutenant Wilson testified that he had encountered the liner's co-pilot, L. P. Reppert, at a party in Los Angeles the night before the crash, and that Wilson had arranged to time his takeoff from the ferrying command base at Long Beach, Calif., so that he would meet the east-bound commercial transport in the vicinity of San Gorgonio pass.

Red Army artillerymen carried their guns forward 10 miles across an area impassable for their animals and emplaced them at the front. Mortars, more mobile than the heavy guns, were employed widely.

Germans who lought to follow up a slight gain in the battle of Stallngrad yesterday were declared repulsed, more than 100 falling fatally wounded by Russian tire.

Although the main Nazi line was recently reported arrien from south Stalingrad to the steppes outside the city, the communique spoke of a trench raid "in the southern part of Stolingrad" in which Red Army troops destroyed seven blockhouses and several dugouts.

Our men have the finest spirit in the world. But it must be maintained in the American way.

They must not be made to feel that they are mere automatons, fighting machines, as the armed forces of the dictators have been made to feel.

Life in our navy and army is hard. Discipline is tough. It must be. But there also must be moments

when the sailor or soldier is treated as a personas Mr. Somebody-or-other.

That's where the USO comes in. For the USO is the banding together of six great agencies to serve one great purpose—to see that our boys in the camps and naval stations have a place to go, to turn to, a "home away from home."

The duties of the USO have more than doubled during the year. Its field of operations has enlarged to include almost the entire face of the globe.

To carry on its all-important work, the USO must raise \$32,000,000. It needs your contribution, No matter how small you make that contribution, the USO needs it now.

## State's 1942 Potato Crop Is Lowest In 41 Years; Fruit Above Averages

### BLIGHT AND RAINY SEASON CAUSES DAMAGE

Harrisburg, Oct. 29 (AP)-Estimates of the federal-state crop reporting service show Pennsylvania's 1942 potato crop to be the lowest in 41 years.

The crop is estimated at 17,380 bushels, a decrease of 3,160,090 bushels from last year and 7,544,009 bushels under the average for the past 10 years. John H. Light, secretary of Agri-

culture, explained that not since 1901, when the potato production in Pennsylvania was 17,020,000 bushels, has the yield been so low. The estimated yield per acre this yer was also poor, averaging 110

pushels as compared to 130 bushels last year and 120 bushels for the last 10 years.

### State's 1942 Potato Crop Is Lowest In 41 Years; Fruit Above Averages

### BLIGHT AND RAINY SEASON CAUSES DAMAGE

Harrisburg, Oct. 29 (AP)-Estimates of the federal-state crop reporting service show Pennsylvania's 1942 potato crop to be the lowest

The crop is estimated at 17,380 bushels, a decrease of 3,160,000 bushels from last year and 7,544,000 bushels under the average for the past 10 years.

John H. Light, secretary of Agriculture, explained that not since 1901, when the potato production in Pennsylvania was 17,020,000 bushels, has the yield been so low.

The estimated yield per acre this yer was also poor, averaging 110 pushels as compared to 130 bushels last year and 120 bushels for the

#### **Marines And** Coast Guard To **Enlist Women**

Pittsburgh, Oct. 29 (AP)-The U.S. Marine Corps and the Coast Guard are planning to enlist women, Rear Admiral Randall Jacobs, chief of Navy personnel says.

Jacobs said yesterday women will be accepted for both units as apprentice seamen, trained in naval schools and assigned to the Marines or Coast Guard for service in the United States only. Names mentioned for the proposed new groups were "Marinettes" for marine women enlistees and "Warcogs" (Women's Auxiliary Reserve of the Coast Guards) for Coast Guard women, Admiral Jacobs said.

LMOST as fatal as a bullet or a shell is the  $oldsymbol{\Pi}$  breakdown in the spirit of a sailor or a soldier.

Our men have the finest spirit in the world. But it must be maintained in the American way.

They must not be made to feel that they are mere automatons, fighting machines, as the armed forces of the dictators have been made to feel.

Life in our navy and army is hard. Discipline is tough It must be. But there also must be moments

when the sailor or soldier is treated as a personas Mr. Somebody-or-other.

That's where the USO comes in. For the USO is the banding together of six great agencies to serve one great purpose—to see that our boys in the camps and naval stations have a place to go, to turn to, a 'home away from home."

The duties of the USO have more than doubled during the year. Its field of operations has enlarged to include almost the entire face of the globe.

To carry on its all-important work, the USO must raise \$32,000,000. It needs your contribution. No matter how small you make that contribution, the USO needs it now.

You are beset by requests for help on all sides. By all means, try to meet those requests. But among them, don't neglect the USO.

Send your contributions to Mrs. Ellen Tipton Buehler, treasurer of the USO in Adams county, at The Gettysburg National Bank.

## THE WAR

London, Oct. 29-The fiercely contested British offensive in the Egyptian desert has reached the point where one would expect it to develop into a battle of tanks. For

the outcome of the conflict is likely

to turn on these steel monsters. Lleut. Gen. B. L. Montgomery's tactics against the Axis indicate that this is exactly the position which he is trying to bring about. The wedges which he has driven into Field Marshal Rommel's strongly fortified line are calculated to maneuver the German into flinging his Panzer forces into the melee to prevent a complete break-through. The development would bring Axis tanks up against destructive British artillery and anti-tank gun

Rommel Withdrew Tanks Actually this is what happened Tuesday, but Rommel withdrew his armored units after they had suffered considerable losses.

Thus far the British Eighth Army has been up against the necessity of cracking Rommel's line with frontal assault by infantry, airplane and artillery. It would be courting disaster for the British tank corps to send them against such fortified positions at the outset.

Such frontal attack is one of the most difficult operations in war. It is also likely to be one of the bloodiest and I believe we must be

prepared to learn that the present offensive has been no exception to the rule. The attacking forces inwere moderate.

### BIO-MINERAL FOR BETTER HEALTH!

MEDICAL SCIENCE for many centuries has believed in the curative properties of minerals. Now, as never before, doctors are stressing the importance of Minerals. The cry is: MINERALS!!! We are told that "WE ARE WHAT WE EAT!" Foods lacking in minerals are often the cause of many ailments, such as: Teeth decaying, eyesight failing, nervousness, constipation, general run-down condition and the above mentioned diseases.

BIO-MINERAL is a rich solution of Natural, Life-Giving minerals. Pharmacists-chemists do not make it. It comes from the depths of the earth, Nature's laboratory. Is not Mineral Oil, physic or drug... but a group of highly concentrated minerals—the same minerals of the famous springs—the oldest and most reliable remedy for Rheumatism, Arthritis, Stomach and Kidney disorders, recommended by doctors, hospitals, sanatoriums, naturalists and specialists.

BIO-MINERAL is NOT Mineral Oil, physic or drug. Contains NO alcohol. NO harmful drugs, NO dope. NO oil . . . NOT a SINGLE habit forming ingredient. It works in your intestines, neutralizing, throwing away waste material, gas, toxins and bloating. Not like physics, oils and cathartics do . . . but in a natural, harmless, painless way—doing a real "house-cleaning."

### With Your Own Eyes! See and Believe!

IF YOU SUFFER occasional constination and other common stomach disorders, watch your elimination from your bowels after taking BIO-MINERAL. In 3 or 3 days, the waste, black as coal and hard as rock may break from the walls of the colon, and you will see it in the stool. It is almost unbelievable that such waste could be in your intestines UNTIL YOU SEE IT!

After 3 DAYS examine your urine. You may see small pieces of white stone, threads and crystal-like matter, which should not be in your system—POISONS—coming out, relieving you! These poisons, collecting there probably for years, like rust in an old iron pipe, were weakening your kidneys and ruining your digestive system.

WE ASK YOU to try BIO-MINERAL to SEE with your own eyes!... the relief you get from your aliments. You may UPROOT and drive them OUT of your system, Regardless of how long you have been suffering. It takes only 3 days to prove it. To SEE—NOT to guess the results. BIO-MINERAL is easy to take and safe for delicate organisfms. Diluted in water, is like drinking rich mineral water from a mountain spring—Life-Giving Water. Try it! It is marvelous.

This affected colon is often the cause of many silments, leading to serious complications. It should be corrected. USE BIO-MINERAL

AN IDEAL HEALTHY COLON With BIO-MINEBAL, you can keep the colon clean and healthy, eliminsting the accumulated polsonous matter.

### BIO-MINERAL FOR BETTER HEALTH!

MEDICAL SCIENCE for many centuries has believed in the curative properties of minerals. Now, as never before, doctors are stressing the importance of Minerals. The ery is: MIN-ERALS!!! MINERALS!!! We are told that "WE ARE WHAT WE EAT!" Foods lacking in minerals are often the cause of many ailments, such as: Teeth decaying, eyesight failing, nervousness, constipation, general run-down condition and the above mentioned diseases.

BIO-MINERAL is a rich solution of Natural, Life-Giving minerals. Pharmacists-chemists do not make it. It comes from the depths of the earth, Nature's laboratory. Is not Mineral Oil, physic or drug . . . but a group of highly concentrated minerals—the same minerals of the famous springs—the oldest and most reliable remedy for Rheumatism, Arthritis, Stomach and Kidney disorders, recommended by doctors, hospitals, sanatoriums, naturalists and specialists.

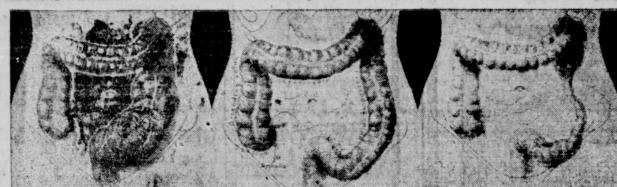

BIO-MINERAL is NOT Mineral Oil, physic or drug. Contains NO alcohol, NO harmful drugs, NO dope, NO oil . . . NOT a SINGLE habit forming ingredient. It works in your intestines, neutralizing, throwing away waste material, gas, toxins and bloating. Not like physics, oils and cathartics do . . . but in a natural, harmless, painless way—doing a real "house-cleaning."

### With Your Own Eyes! See and Believe!

IF YOU SUFFER occasional constipation and other common stomach disorders, watch your elimination from your bowels after taking BIO-MINERAL. In 2 or 3 days, the waste, black as coal and hard as rock may break from the walls of the colon, and you will see it in the stool. It is almost unbelievable that such waste could be in your intestines UNTIL YOU SEE IT!

After 3 DAYS examine your urine. You may see small pieces of white stone, threads and crystal-like matter, which should not be in your system—POISONS—coming out, relieving you! These poisons, collecting there probably for years, like rust in an old iron pipe, were weakening your kidneys and ruining your digestive system.

WE ASK YOU to try BIO-MINERAL to SEE with your own eyes! . . . the relief you get from your ailments. You may UPROOT and drive them OUT of your system. Regardless of how long you have been suffering. It takes only 3 days to prove it. To SEE—NOT to guess the results. BIO-MINERAL is easy to take and safe for delicate organisms. Diluted in water, is like drinking rich mineral water from a mountain spring—Life-Giving Water. Try it! It is marvejous.

This affected colon is often the cause of many ailments, leading to serious complications. It should be corrected. USE BIO-MINERAL

AN IDEAL HEALTHY COLON With BIO-MINERAL, you can keep the colon clean and healthy, eliminating the accumulated poisonous matter.

Aserious chronic condition. Constipa-tion, piles, colitis, oppendicitis, other diseases may be developed. Beware! USE BIO-MINERAL

London, Oct. 29-The fiercely contested British offensive in the Egyptian desert has reached the point where one would expect it to develop into a battle of tanks. For the outcome of the conflict is likely

to turn on these steel monsters. Lieut, Gen. B. L Montgomery's tactics against the Axis indicate that this is exactly the position which he is trying to bring about. The wedges which he has driven into Field Marshal Rommel's strongbe fortified line are calculated to maneuver the German into flinging his Panzer forces into the melee to prevent a complete break-through

The development would bring Axis tanks up against destructive British artillery and anti-tank gun

Rommel Withdrew Tanks Actually this is what happened Tuesday, but Rommel withdrew his armored units after they had suffered considerable losses

Thus far the British Eighth Army has been up against the necessity of cracking Rommel's line with irontal assault by infantry, airplane and artillery. It would be courting disaster for the British tank corps to send them against such fortified positions at the outset.

Such frontal attack is one of the most difficult operations in war. It is also likely to be one of the bloodiest and I believe we must be prepared to learn that the present offensive has been no exception to the rule. The attacking forces in-
